Mind Trick

Jamie Cullum

I missed the opportunity

To get you, babe, to stay with me

Never thought, I'd regret the excuses that I've made

Like a song, it will fadeIf there's music in the night and it's really, really right

It's the only thing I need

It intoxicates your mind all your troubles left behind

So come on and take my lead

It's not just me who feels it, music plays a mind trick

Watch me forget about missing you, oh oh

So I put my feelings out to dry

Love, one day again I'll have to try

Falling out, making up it seems such a silly game

Why do I never gain?

If there's music in the night and it's really, really right

It's the only thing I need

It intoxicates your mind all your troubles left behind

So come on and take my lead

It's not just me who feels it music plays a mind trickWatch me forget about missing you, oh oh

Na na na

Na na na

Na na na, na, na

Na na na

Na na na

Na na na, na, na

Na na na

Na na naNa na na, na, na

Na na na

Na na na

Na na na, na, na

Na na na

Na na na

Na na na. na. na

Na na na

Na na na

Na na

If there's music in the night and it's really, really right

It's the only thing I need

It intoxicates your mind all your troubles left behind

So come on and take my lead

It's not just me who feels it music plays a mind trick

Watch me forget about missing you

Watch me forget about missing you

Na na na Na na na Na na na
