

# Where I'm Going (Chopnotslop Remix)

Thundercat, OG Ron C & DJ Candlestick

Here it comes  
In and out and around  
Feeling bare  
Almost there  
Here it comes  
This is the best part  
This is the best part  
Getting weak  
But I'm doing fine  
How are you?  
How are you?  
Everything and nothing  
Twirling around in my head  
All at once  
All at once  
Where am I going?  
Can you take me with you?  
Can you take me with you?
