

Forever

[Aaron Lewis](#)

Another cheap high-rise hotel room
Another place, another show
Another meaning-less
Destination with nowhere to go
Another time to say "I love you"
Another time to say "Goodnight"
Another time to hear a dial tone
'Cause no one wants to fight
Why should we fight?'Cause I can see it in your eyes
Is the sparkle gone forever?
Don't say forever
And I can feel it when we touch
Is the fire out forever?
Don't say forever
Another time to miss a birthday
Another time to miss my flight
I've missed so much
That I don't know what I have
And what I thought I might
What I might, 'cause I can see it in your eyes
Is the sparkle gone forever?
Don't say forever
And I can feel it when we touch
Is the fire out forever?
Don't say forever
Now I'm lying beside you
A stranger in your arms
We drift apart together
And come back like a storm
Like a storm
Another show up in Decatur
Another one San Antone
Somewhere else in this equator
Takes me far away from home
I'm coming home, 'cause I can see it in your eyes
The sparkle shines forever
'Cause this is forever
And I can feel it when we touch
The fire burns forever
'Cause this is forever
