What's society built on

What's society built on

What's society built on

What's society built on What's society built on

What's society built on

What's society built on

What's society built on It's built on, built on bluff

Built on bluff, built on trust

It's built on, built on bluff

Built on bluff, built on trustIt's built on, built on bluff

Built on bluff, built on trust

It's built on, built on bluff

Built on bluff, built on trust

What's society built on

What's society built on It's built on, built on words

Built on words, built on work

It's built on, built on words

Built on words, built on workIt's built on, built on words

Built on words, built on work

It's built on, built on words

Built on words, built on workResponsible for what I say

Responsible for what I hush

Responsible for what I say

Responsible for what I hush

Responsible for what I say

Responsible for what I hush

Responsible for what I say

Responsible for what I hush
