

# Will I See You (feat. Anitta)

## Poo Bear

When it's all said and done will I see you?  
When it's all said and done will I see you?  
Now that my love is on, all the way on you I won't turn it off, Would you do the same?  
When it's all said and done will I see you? I've been planting seeds in our ground  
Watching us grow for a while  
Pray the sun stays shinin down on us.  
I hope it do  
We committed our trust out loud  
Like gravity we swore to hold each other down.  
Build a circle pray you always stay around  
I do, Lord knows I do  
Met you on the block,  
you ain't gotta hustle like that no more  
I've been on a journey,  
I ain't tryna look back no more  
We've been on a wave,  
Tryna not make it back to shore  
Oh no But when it's all said and done will I see you?  
When it's all said and done will I see you?  
Now that my love is on, all the way on you I won't turn it off, Would you do the same?  
When it's all said and done will I see you? Took away my insecurities  
Your arms became my security  
My melody became harmony, with you  
And only you  
Sometimes reality kicks in  
Realizing every beginning comes to an end  
Can I go to sleep at night, knowing I'll wake up to my best friend?  
When it's all said and done will I see you?  
When it's all said and done will I see you?  
I need to know  
Now that my love is on, all the way on you I won't turn it off, Would you do the same?  
When it's all said and done will I see you? Met you on the block,  
you ain't gotta hustle like that no more  
I've been on a journey,  
I ain't tryna look back no more  
We've been on a wave,  
Tryna not make it back to shore  
Oh no So when it's all said and done will I see you?  
When it's all said and done will I see you?  
And only you  
Now that my love is on, all the way on you I won't turn it off, Would you do the same?  
When it's all said and done will I see you?
