

Last One Standing

Emerson Drive

Queen of the night, life of the party
It's all an illusion
You can't hide that big of heartache
So stop the delusion
Waiting for someone's rescue
My arms are right here for you Through the wind and the rain
Through the laughter and pain, count on me
And when life isn't fair and there's nobody there I will be
In a world of pretenders, I am your defender
And when it all comes down, I'll be the last one standing
This is for life don't ever doubt it
I'm already falling
And love is alive so stand up and shout it
'Cause destiny's calling
The others who stand behind me
They don't look nothing like me Through the wind and the rain
Through the laughter and pain, count on me
And when life isn't fair and there's nobody there, I will be
In a world of pretenders, I am your defender
And when it all comes down, I'll be the last one standing
Waiting for someone's rescue
My arms are right here for you
Through the wind and the rain
Through the laughter and pain count on me
And when life isn't fair and there's nobody there, I will be
In a world of pretenders I'll never surrender
And when it all comes down
Yeah when it all comes down, I'll be the last one standing
Yeah, yeah
I'll be the last one standing
I'll be the last one standing
