

# Jamie All Over

## Mayday Parade

I had a dream last night we  
Drove out to see Las Vegas  
We lost ourselves in the bright lights  
I wish you could have seen us  
Begging for change to get home  
Or at least San Francisco  
Lets put a ten on the high card  
And spend a summer on the west coast  
Down and to the left  
(Here's a map and a pen, that place you pointed at.)  
California's Best  
(All I Ask, All I ask)  
And please don't tell me that I'm dreamin'  
When all I ever wanted was to dream another sunset with you  
If I roll over  
When it's over  
I'll take this Cali sunrise with me  
And wake up with the fondest memories  
We made love by the ocean  
As the waves crashed around you  
The sunsets never were so bright  
And the skies, never so blue  
You opened up into my arms  
And we laughed as I held you  
I'll never go back to Georgia  
Not at least 'till I have to  
Down and to the left  
(Here's a map and a pen, that place you pointed at.)  
Be California's Best  
(All I Ask, All I ask)  
And please don't tell me that I'm dreamin'  
When all I ever wanted was to dream another sunset with you  
If I roll over  
When it's over  
I'll take this Cali sunrise with me  
And wake up with the fondest memories  
I had a dream last night we  
Drove out to see Las Vegas  
We lost ourselves in the bright lights  
Please don't tell me that I'm dreamin'  
When all I ever wanted was to dream another sunset with you  
If I roll over  
when it's over  
I'll take this Cali sunrise with me  
And wake up with the fondest memories  
We made love by the ocean  
As the waves crashed around you  
The sunsets never were so bright

And the skies, never so blue  
You were looking up into my arms  
And we laughed as I held you  
I'll never go back to Georgia  
Not at least 'till I have to  
Down and to the left
