

Riot Call (feat. Nevve)

QUIX

Step in the neon nature
Rock on the metro
Sharp like a bleeding razor That's how I roll Body's shaking in the basement
They bang like a gun oh, oh
Better cut your hesitation
I just let it go I, you're the riot call
I, I, these beats yeah we kill em all
I, like a cannon ball
(I, I, I, I, I, I)
I, you're the riot call
I, I, police yeah we flip em off
You're the riot call I
Ha
You're the riot call
You're the riot call Come to the people
Words they say
We'll burn them all away Talk to the people
Words "good day"
We're gonna make them pay two
Deep in the neon jungle
Crush to the bass yeah, yeah
Drunk yeah you're seeing double
I lose control Last stop and were on a mission
To outlast the fate yeah, yeah
Turning off my inhibition
I just let it go
I, you're the riot call
I, I, these beats yeah we kill em all
I, like a cannon ball
(I, I, I, I, I, I)
I, you're the riot call
I, I, police yeah we flip em off
You're the riot call I Ha, I
These beats yeah we kill em all
I, you're the riot call
Ha, everybody crash like a cannon ball
I, uh
I, I police yeah we flip em off
I, uh
I lose control
You're the riot call
I, like a cannon ball

I, you're the riot call
I, like a criminal
