

Goosebumps

[Bridget Kelly](#)

I'm lonely, look at me, baby
Come hold me, wrap your arms around my body, baby
Don't let me go till the morning
I wanna show you all the secrets of my heart Can you feel my goosebumps?
Want you to read them like Braille 'cause they give instructions
On how to love me, babe
Giving you directions that connect the dots to my heart
Follow my goosebumps I'm wounded, look at me, baby
I need someone to love away the pain, baby
I'm a simple girl, I don't ask for much
But I need your touch
Baby, please, don't let me go till the morning
I wanna show you all the secrets of my heart
Can you feel my goosebumps?
Want you to read them like Braille 'cause they give instructions
On how to love me, babe
Giving you directions that connect the dots to my heart
Follow my goosebumps Let me show where to go, how to get to the top of me
Like the yellow brick road, I'mma lead you to the gold, baby
Promise me you won't stop, baby, risk my heart
See if you can get me there
If I lead you to the door will you go along, stronger Can you feel my goosebumps?
Want you to read them like Braille 'cause they give instructions
On how to love me, babe
They give you directions that connect the dots to my heart
Follow my goosebumps
Can you feel my goosebumps?
Want you to read them like Braille 'cause they give instructions
On how to love me, babe
They give you directions that connect the dots to my heart
Follow my goosebumps
