

# Gumache

Dillon

Your toothbrush is where you left it  
It sits right by my sink  
Ever so often whilst brushing my teeth  
My gum aches, my thoughts slink  
Your toothbrush is where you left it  
It sits right by my sink  
Ever so often neglect my teeth  
In reverie sit down, rethink  
Sleepless nights  
Senseless fights  
Your toothbrush is where you left it  
It sits right by my sink  
Ever so often I grind my teeth  
Abstain, deep-six this missing link
