

Mexico (feat. Shirazi)

Afrojack

Sun is back
No lanes in the way I goFlames blow away
And memories
Out the smokeAnd now
It's time
For miles
And milesAnd I'll be going until I just run
Out the roadIf you're looking for me
I'll be in the land of the free
Nobody there's guilty
By the time you know
That you look go
How we know, know, know, know
In MexicoSun is back
No lanes in the way I goFlames blow away
And memories
Out the smokeAnd now
It's time
For miles
And milesAnd I'll be going until I just run
Out the roadIf you're looking for me
I'll be in the land of the free
Nobody there's guilty
By the time you know
That you look go
How we know, know, know, know
In Mexico
