

Idea of You (feat. Eric Nam)

ARTY

Haven't been myself
Lost you and then I lost myself
Yeah, I know
Said it's for the best
So why this feeling in my chest?
Yeah, I know 'Cause I've been, up late at night
With you on my mind
Does that make it right?
Yeah, I've been, up all alone
My bed feeling cold
But still I don't know Do I miss you?
Or do I just miss the idea of you? Idea of you
Do I miss you?
Or do I just miss the idea of you? Idea of you
Idea of you
Or do I just
(Or do I just) Staring at a photo
Just to keep the feeling going, I know
Oh, yeah, yeah, yeah
Should be moving on
But there's a chance of moving on, can't let go 'Cause I've been, up late at night
With you on my mind
Does that make it right?
Yeah, I've been, up all alone
My bed feeling cold
But still I don't know Do I miss you?
Or do I just miss the idea of you? Idea of you
Do I miss you?
Or do I just miss the idea of you? Idea of you
Idea of you
Or do I just
(Or do I just) All that I know is my heart feels more like a stone, ooh
All that I know is I don't really know at all
Do I miss you?
Or do I just miss the idea Do I miss you?
Or do I just miss the idea of you? Idea of you
Do I miss you?
Or do I just miss the idea of you? Idea of you Idea of you
Or do I just
(Or do I just)
