

# Don't Call Me

Asia

You know I'll never understand your reasons  
I gave you all the love that I could give  
Now I'm sitting on a plane to take me far away  
I've got to find a new place to live It used to feel so good when you stood beside me  
How can you forget the words you said?  
Things like, 'Gonna stay with you forever'  
Will always echo in my head Don't call me, don't call me no more  
Don't call me, don't call me no more  
If this plane ride lasts forever  
I couldn't quite get over you, no  
We spent too much time together  
I can't believe we're through You know I'll never understand your reasons  
I gave you all the love that I could give  
Now I'm sitting on a plane to take me far away  
I've got to find a new place to live Don't call me, don't call me no more  
Don't call me, don't call me no more  
If this plane ride lasts forever  
I couldn't quite get over you, no  
We spent too much time together  
I just can't believe we're through Don't call me, don't call me no more  
Don't call me, don't call me no more  
No more, no more, no more
