

# Wrong Side of Love

Augustana

I'm hanging on, I'm hurting  
I'm backing down, you're starting over  
You and I, we've had enough  
The wrong side of love Even if my heart was burning  
Wouldn't stop the world from turning over  
We've had a lot, I've had enough  
The wrong side of Keep running, baby, don't look back  
Keep running down a one way track  
You'll be the one to break my heart in two  
I'll be the one to take the hit for you If I had a chance, I'd take it  
If I had a heart, I'd break it open  
You and I, we've had enough  
The wrong side of  
Keep running, baby, don't look back  
Keep running down a one way track  
You'll be the one to break my heart in two  
I'll be the one to take the hit for you You can't walk away  
From what your heart knows  
And I'm holding on  
'Til you let me go  
You let me go And all the dreams I had  
They're lost along the way  
And all the words you said  
That you never meant to say Well, no one else is gonna love you like I do  
Come a little closer, honey, I can't live without you  
No one else is gonna love you like I do  
No one else, no one else  
You can't walk away  
From what your heart knows  
You can't trade today for tomorrow  
And I'm holding on 'til you let me go  
'Til you let me go 'Til you let me go  
Let me go
