

# Moment (feat. Wiz Khalifa)

## KYLE

This feel like my chance  
This feel like my moment  
Everyone needs a fan  
Everyone needs a close up  
Let me see your hands up high, if you know one  
Let me see your hands up high, if you know one  
No body's a no one I'm gleaming  
I'm the me I see when I be dreaming  
I remember thinking that I'd never see it  
I remember thinking that I'd never be it  
Now I pay my mom's lease with an appearance fee  
'Cause they screaming my name I must be hearing things  
But nah, it's all, it's all for you  
Your life, your dreams, they all for you  
This feel like my chance  
This feel like my moment  
Everyone needs a fan  
Everyone needs a close up  
Let me see your hands up high, if you know one  
Let me see your hands up high, if you know one  
This feel like my chance  
This feel like my moment  
Everyone needs a fan  
Everyone needs a close up  
Let me see your hands up high, if you know one  
Let me see your hands up high, if you know one  
No body's a no one  
I just wanna roll one  
They gon' talk about you bad until they see you glow up  
Want me in your building, need a half a mil to show up  
I don't see the dealer, need a pound and I'ma grow one  
Hop in the coupe and I'm swerving lanes  
No new friends, I'm curvin' lames  
My niggas solid, stay the same  
I see the top, that's my favorite place  
Going to work, don't got time to waste  
Takin' my time, I ain't trying to race  
I'ma stay all on my grind  
Stackin' my G's to the sky  
Rollin' that weed with my guys This feel like my chance  
This feel like my moment  
Everyone needs a fan

Everyone needs a close up  
Let me see your hands up high, if you know one  
Let me see your hands up high, if you know one  
No body's a no one No body's a no one  
I don't sound like no one  
Did this on my own, huh  
I feel just like Goku or Gohan, I go on  
I threw up on Wiz, nigga  
I still made it big nigga  
You can't tell me shit nigga This feel like my chance  
This feel like my moment  
Everyone needs a fan  
Everyone needs a close up  
Let me see your hands up high, if you know one  
Let me see your hands up high, if you know one  
No body's a no one
