

# Bulletproof

## Diamante

They say there's hell to pay  
you can keep the change if you want  
when you're standing face to face  
with the devil taking you on hit me with your best shot  
you can't make my heart stop  
is that the best you've got baby I can bleed  
I can hurt  
knock me down in the dirt  
I am strong  
I'll show you  
even when I am black and blue  
I'm bulletproof  
I'm bulletproof  
they say that love is a game  
I don't wanna play no more  
Don't need no novocain  
I can take the pain walk out the door hit me with your best shot  
you can't make my heart stop  
is that the best you've got baby I can bleed  
I can hurt  
knock me down in the dirt  
I am strong  
I'll show you  
even when I am black and blue  
I'm bulletproof  
I'm bulletproof x2  
You stripped me of my pride  
you made me feel so small  
but you could never take my soul  
I'm not the same girl  
You met so long ago  
by now you should now I can bleed  
I can hurt  
knock me down in the dirt  
I am strong  
I'll show you  
even when I am black and blue  
I'm bulletproof  
I'm bulletproof  
x2 knock me down in the dirt  
I am bullet proof
