Alligator Blood

Bring Me the Horizon

Let's play a game of Russian roulette I'll load the gun, you place the bets

Tell me, who will make it out aliveLet's play a game of Russian roulette

I'll load the gun, you place the bets

Tell me, who will make it out aliveOver and over again, we play the same old game

Cards kept close to our chest, that's where your secrets kept

So wear your poker face, hands to the fool, hands to the thief

Fiction is bitter and you got a tasteMy alligator blood is starting to show

I know that you know that, I know that you know

Can't call a bluff with a dead man's hand

My alligator blood is starting to show

I know that you know that, I know that you know

Can't call a bluff with a dead man's handCut me up and wear my skin

Show me how to live

Tear me down, clean me up

Now spill my fucking guts

Just help me find a way

Just help me find a way

Just help me find a way

Just help me find a wayMy alligator blood is starting to show

I know that you know that, I know that you know

Can't call a bluff with a dead man's hand

My alligator blood is starting to show

I know that you know that, I know that you know

Can't call a bluff with a dead man's hand

Put a gun to my head and, paint the walls with my brains

Put a gun to my head and, paint the walls

Put a gun to my head and, paint the walls with my brains

Put a gun to my head and, paint the wallsNow you know

Now you know

Now you know you know you can go, you can give up trying

Should have just called it quits

Should have just called it quits

Leave before it's too late. Now you know you can go, you can give up trying

Should have just called it quits

Should have just called it quits

Leave before it's too late.Let's play a game of Russian roulette

I'll load the gun, you place the bet

Tell me who will make it out aliveLet's play a game of Russian roulette

I'll load the gun, you place the bet

Tell me who will make it out aliveYeah!(So put a gun to my head and paint the walls with my fucking brain)Put a gun to my head and paint the walls with my brains

Put a gun to my head and paint the fucking walls
