

So Far to Go (feat. D'Angelo)

Common & D'Angelo

I wanna get close to you baby
ohhhh ohhhh
you have come so far, you got so far to go
you have come so far, you got so far to go
Sweethear, you know you the most, important atleast on the West Coast
I'm just trippin, it's somethin bout your throat
You think different and understand how I flow
Got cribs on both Coasts
But I'm a Chicago-getter
You get down, but you aint a gold digger
you got soul with the figure to match
your girlfriend say, "yo that dude is a catch"
creative with the gifts, plus he hit it from the back
In places we aint supposed to
We makin music, baby, you on the vocals
International lover, I never stay local
Go to places that you've never been
Beautiful outside, even better when it's in
You have arrived, girl, you can come again c'mon
You have come so far
You've got so far to go
You have come so far
You've got so far to go
You sexy, I know brothers try to spit to you
But I'm the only one that can get to you
Lifting you, my drive is shifting you
I opened your freak, it's like a gift to you
I truly and thickly am thankful
Long as im in your town ima stay faithful
you know i cant escape you
no matter how far
youre still my star
you was there when the marks tried to steal my car
snappin with me, thats just how real you are
