

# Mongoose

## Fu Manchu

Look inside, day started right  
A back road in a dirt town lives all timeThe mongoose flies  
The mongoose flies  
The mongoose flies  
The mongoose fliesRemoved from the times  
Event for the eyes  
Mid day they gathered one by one  
All timeThe story lies behind  
The mongoose flies on by  
Out on the street they ride  
The mongoose flies on by  
Slowly turns signals high  
What happens next, all timeThe story lies behind  
The mongoose flies on by  
Out on the street they ride  
The mongoose flies on byThe story lies behind  
The mongoose flies on by  
Out on the street they rideLook inside, day started right  
A back road in a dirt town lives all timeThe story lies behind  
The mongoose flies on by  
Out on the street they ride  
The mongoose flies on by  
The story lies behind  
The mongoose flies on by  
Out on the street they ride  
The mongoose flies on by
