

# Cab Ride

## Tweet

Taxi... take me to his home.  
I wanna give him all of me cause I'm aloneThe world is quiet  
I wouldn't mind  
Mere conversation  
Can you be my ride?  
What's your fare? (oh oh oh oh yeah)  
Mister can you take me there.  
Can you break above  
All I ask you is...  
Taxi... take me to his home.  
I wanna give him all of me cause I'm aloneTurn the radio down a bit...(smoking cigarettes...)  
Would you be so kind  
To stop at a station  
I see the sign  
Cause you need some air (oh oh oh oh yeah)  
Mister can you take me there.  
You can keep the buck  
All I ask you is...  
Taxi... take to his home.  
I wanna give him all of me cause I'm aloneAnd I know he's watching the time yeah  
Told him I would make it  
Just get me there safe (get me there safe)
