

# Get On the Floor

## Michael Jackson

Ah, on the floor and dance  
Ah, on the floor and dance  
So get on the floor And dance with me  
I love the way you shake your thing  
Especially  
There's a chance for dancin'  
All night long There's a chance for groovin'  
And it will be soothing  
With a song  
Then why don't you just  
Dance across the floor  
'Cause there's a chance for chances  
And the chance is choosin'  
And I sure would like just to groove with you  
So get on the floor  
And dance with me  
I love the way you shake your thing  
Especially So get on the floor And dance with me I love the way you shake that thing, girl  
Especially  
No need for rejection  
Determined to be  
Gonna groove gonna move ya  
Gonna say things to ya Just wait and see Then why don't you just Dance across the floor  
'Cause there's a chance for choices  
And it's you I'm choosin'  
And I sure would like just to groove with you  
So get on the floor  
And dance with me I love the way you shake your thing Especially So get on the floor  
And dance with me  
I love the way you shake that thing girl  
Especially  
Get up won't you g'on get down, shake your body won't you g'on get down...  
So get on the floor  
And dance with me  
I love the way you shake that thing girl  
Especially  
So get on the floor  
And dance with me  
I love the way you shake your thing, girl  
Especially  
Get up won't you g'on get down, shake your body won't you g'on get down...
