

Litness

MoStack

'Bout to get lit!
Ha
ILLBLU Let God be my witness
When I pull up it's litness
You don't wanna miss this
They say I've changed I'm improving my figures
Now you're missing your missus Let God be my witness
When I pull up, you know it's litness
You don't wanna miss this
They say I've changed I'm improving my figures
And now you're missing your missus
No sleep for the wicked
Blud I'll sleep when I'm dead
Came looking creme d'-d' creme
She said I taste good, complements to the chef
You can eat it all 'till there ain't nothing left
I'm brave with my dons
All dey know is ganja and guns
Some of them dumb
I saw her nipple piercing through her t-shirt
I ain't got these four eyes for no reason
Jump in the wizzac
I'm with a gyal with a hijab
Stop at the shop for a kebab
Spray off the mizzac
All dem niggas missin' on purpose
That ride out was worth it
Let God be my witness
When I pull up it's litness
You don't wanna miss this
They say I've changed I'm improving my figures
Now you're missing your missus Let God be my witness
When I pull up, you know it's litness
You don't wanna miss this
They say I've changed I'm improving my figures
And now you're missing your missus When I pull up it's litness
You don't wanna miss this
When I pull up it's litness
You don't wanna miss this When I put the roof off of my drop top
The wind coulda blew my high top off
Mansdem turn the ride hot box
Fuckin' hell they coulda got my licence lost

Ayy bro fling on the hazards
And jump out like a savage
One, two, white spark clashes
Fuck it let's have it
If men are trash I make rubbish look lavish
I flex and I swag it
Cos I - ain't no regular, degular
I'm the man in your area
Check the interior
Move like a predator
Jump in then we rev it up Let God be my witness
When I pull up it's litness
You don't wanna miss this
They say I've changed I'm improving my figures
Now you're missing your missus Let God be my witness
When I pull up, you know it's litness
You don't wanna miss this
They say I've changed I'm improving my figures
And now you're missing your missus When I pull up it's litness
You don't wanna miss this
When I pull up it's litness
You don't wanna miss this Mamacita I'm more than you can handle
I love it when you speak Español
Tiptronic driver
Breeze in an automatic and I can speed in a manual
Hold up pause
Flex in your face by force
Yeah, yeah, yeah
And the shops, just a five-minute walk
Still, took the Benz of course
Yeah, yeah, yeah Mic check, mic check, mic check
