

# Singing With the King

## Go Radio

Don't take another day away from me  
Cause I don't got many as it stands  
Here on the rooftop screaming like the world stopped  
Another cigarette for both of us hold my hand  
I'll take us both to the top of the world if I can Cause mama it's ok, tonight I'm going to sing  
with Elvis  
And we will sing, a couple songs just for your ears so sing along and hey  
If I go down in the quicksand don't grab my hand  
Just play me as loud as you can  
Cause tonight I singing with  
And daddy's sitting in the corner with Cash when Mr. Moon picks up the beat  
I hear the sound of someone warming the Strat while they wait for me  
And Freddie says that I can stay, that I don't have to be afraid this time  
The angels filling up the place and Carly's walking she's the first in line Cause mama it's ok,  
tonight I'm going to sing with Elvis  
And we will sing, a couple songs just for your ears so sing along and hey  
If I go down in the quicksand don't grab my hand  
Just play me as loud as you can  
Cause tonight I singing with Remember the days we thought we were golden and that all these  
nights were ours  
Remember my face, remember the rooftops  
Do you remember the stage, when all of it's broken not to show your favorite scars  
A smile on your face, we'll count only our stars  
Cause mama it's OK, tonight I'm going to sing with Elvis  
And we will sing, a couple songs just for your ears so sing along and hey  
If I go down in the quicksand don't grab my hand  
Just play me as loud as you can  
Cause tonight I singing with
