

All I Wanna Do

Jordan Fisher

Got me shook up, shook up shook up
On your loving Drifting into outerspace
Daydream pulling me away
Working up the nerve to say
(nerve to say)
That I got a secret
Yeah I got a secret, yeah All I wanna do is think about
What you think about
When you think about me
(Got me shook up, shook up, shook up on your loving)
All I wanna know is every night
Are you dreaming like, dreaming like me?
(Got me shook up, shook up, shook up on your loving)
I'm in paradise with you
As we circle 'round the moon
All I wanna do is think about
What you think about
When you think about me
(Got me shook up, shook up, shook up on your loving)
I've been thinking 'bout your skin
And places we never been
Life's too short for secrets so I'll tell you mine
Next time you see me
We'll do anything that you like All I wanna do is think about
What you think about
When you think about me
(Got me shook up, shook up, shook up on your loving)
All I wanna know is every night
Are you dreaming like, dreaming like me?
(Got me shook up, shook up, shook up on your loving)
I'm in paradise with you
As we circle 'round the moon
All I wanna do is think about
What you think about
When you think about me
(Got me shook up, shook up, shook up on your loving)
Life's too short for secrets, so I'll tell you mine
You don't have to keep them just know, ohhh All I wanna do is think about
What you think about
When you think about me
(Got me shook up, shook up, shook up on your loving)
All I wanna know is every night

Are you dreaming like, dreaming like me?
(Got me shook up, shook up, shook up on your loving)
I'm in paradise with you
As we circle 'round the moon
All I wanna do is think about
What you think about
When you think about me
(Got me shook up, shook up, shook up on your loving)All I wanna do.
