

# Dear Boy

Paul McCartney & Linda McCartney

I guess you never knew, dear boy  
What you had found  
I guess you never knew, dear boy  
That she was just the cutest thing around  
I guess you never knew  
What you had found, dear boy I guess you never saw, dear boy  
That love was there  
And maybe when you look too hard, dear boy  
You never do become aware  
I guess you never did  
Become aware, dear boy  
When I stepped in  
My heart was down and out  
But her love came through  
And brought me 'round  
Got me up and about Dear boy  
Dear boy, dear boy  
Dear boy When I stepped in  
My heart was down and out  
But her love came through  
And brought me 'round  
Got me up and about  
I hope you never know, dear boy  
How much you missed  
And even when you fall in love, dear boy  
It won't be half as good as this  
I hope you never know how much you missed  
Dear boy, how much you missed, dear boy
