

# Dirty Picture (feat. Ke\$ha)

Taio Cruz

I could think of ways to see you  
I could close my eyes to dream  
I could fantasize about you  
Tell the world what I believe But whenever I'm not with you  
It's so hard for me to see  
I need to see a picture of you  
A special picture just for me, yeah So take a dirty picture for me  
Take a dirty picture  
Take a dirty picture for me  
Take a dirty picture  
Send a dirty picture to me  
Send a dirty picture  
Send a dirty picture to me  
Send a dirty picture  
Snap.

Uh. Whenever you are gone, I just wanna be wit ya  
Please don't get me wrong, I just wanna see a picture Take a dirty picture for me  
Take a dirty picture  
Take a dirty picture for me  
Take a dirty picture Whenever you are gone, I just wanna be wit ya  
Please don't get me wrong, I just wanna see your picture Take a dirty picture for me  
Take a dirty picture  
Take a dirty picture for me  
Take a dirty picture  
I could dream of ways to see you  
I could close my eyes to dream  
Fantasize about this with you  
But the way is never seen Take a dirty picture for me  
Take a dirty picture  
Take a dirty picture for me  
Take a dirty picture  
Just send a dirty picture to me  
Send a dirty picture  
Send a dirty picture to me  
Send a dirty picture Snap.

Please don't get me wrong, I just wanna see your picture Take a dirty picture for me  
Take a dirty picture  
Take a dirty picture for me
