

# Firefly (feat. Nao)

## Mura Masa

Pavement's turning into gold  
And it's risin' up into my eyes  
Up on my back I feel the static more  
Tripping the wire, surrounded in time I see this as mystical  
I'm sure that you know I see this as mystical  
I'm sure that you know Just say  
You'll be my firefly  
Take everything or nothing at all Just say  
You'll be my firefly  
Take everything or nothing at all  
Just say "yes"  
Just say "yes"  
Just say  
"I'd rather have everything than nothing at all" Sorry I've got none to pose  
Images I pictured inside  
Everything I've tried to close  
Carrying the weight on my back I feel the the static more  
Tripping the wire, surrounded in time I see this as mystical  
I'm sure that you know I see this as mystical  
I'm sure that you know Just say  
You'll be my firefly  
Take everything or nothing at all  
Just say  
You'll be my firefly  
Take everything or nothing at all Just say "yes"  
Just say "yes"  
Just say  
"I'd rather have everything than nothing at all"
