Don't Stop

5 Seconds of Summer

You're like perfection, some kind of holiday You got me thinking that we could run away

You want I'll take you there,

You tell me when and where,

Oh oh oh ohBut then I asked for your number,

Said you don't have a phone

It's getting late now,

I gotta let you know

That everybody wants to take you home tonight

But I'm gonna find a way to make you mineDon't stop doin' what you're doin'

Every time you move to the beat

It gets harder for me

And you know it, know it, know it

Don't stop 'cause you know that I like it

Every time you walk in the room

You got all eyes on you

And you know it, know it, know itYou're coming close now, swear I can taste it,

You got me tongue tied, I can't escape it

I'm loving what you got,

But then you push me off,

Oh oh oh And everybody wants to take you home tonight

But I'm gonna find a way to make you mine

Don't stop doin' what you're doin'

Every time you move to the beat

It gets harder for me

And you know it, know it, know it

Don't stop 'cause you know that I like it

Every time you walk in the room

You got all eyes on you

And you know it, know it Every day it's the same, love and games that you play Back and forth, round and round, kinda like it this wayDon't stop doin' what you're doin'

'Cause every time you move to the beat

It gets harder for me

And you know it, know it, know it

Don't stop 'cause you know that I like it

Every time you walk in the room

You got all eyes on you

And you know it, know it, know it, know itDon't stop (don't stop, stop what you're doing) doin' what you're doin'

('Cause you know that, you know that I like it)

Every time you move to the beat

It gets harder for me

And you know it, know it
Don't stop, 'cause you know that I like it (you know that I like it)

Every time you walk in the room
You got all eyes on you(all eyes on you)

And you know it, know it
