Nearly Lost You

Screaming Trees

Did you hear the distant cry Calling me back to my sin Like the one you knew before Calling me back once againI nearly, I nearly lost you there And it's taken us somewhere I nearly lost you there Let's try to sleep nowDrag me far enough to know I'm blind every mile that you burn There's a rider that's fallen and It's clear there's no time to returnI nearly, I nearly lost you there And it's taken us somewhere I nearly lost you there Well let's try to sleep nowDid you hear the distant lie Calling me back to my sin Like the one you knew before Calling me back once again I nearly, I nearly lost you there And it's taken us somewhere I nearly lost you there Well let's try to sleep now I nearly lost you there I nearly lost you I nearly lost you there I nearly lost you there I nearly lost you there Oh yeah, nearly lost you there
