

Hourglass (feat. V. Bozeman)

Empire Cast

You say you're right, I'll say you're wrong

...

You'll be polite, but continue on

...And I'll say it might be true

If you want me to

You say it's night, and I'll say it's morning

...You'll see the light, and pretend you don't

...

And I'll close a blind, if you, really want me to

...

If that's what you want to do

...

But life has its own arranges

...As time passes on, it changes

...

The hourglass moves on a grain

...And our path is torn in strands

...

You say we fight, I'll say we argue

...

Maybe you're right, that we really are through

...

And I'll say goodbye, if you really want me to

...

Cause that's what I'm gonna do

...

You say it's mine, I'll say it's yours

...

Maybe the time has come, to finish our scores

...

And I'll break my promise too, if you want me to

...

That's what I'm gonna do

...

But life has its own arranges

...

As life passes on, we're strangers

...

And our past is blown away

...

The hourglass is thrown and breaks

...

And I'll take a fall for you

...

If that's what you want me to

...
