

placebo (Terminalhead Remix)

kidneythieves

No more wishing wells that never come around
no more growing trees without a groundone, to take
one, to fly
one, to make
use of all the treasure inside
one, too late
act surprised
one, to play
and say it was just in your mind
on and on, hearts burn determinedone to take (breathe in a neptune sky)
fly (through hands of animals)
play awake
it killed the craving for the remedy they made you buyon and on, hearts burn determinedhere's
a placebo
pick a placebo
no more sapphires burnedno more wishing wells that never come around
no more growing trees without a ground
one to take
one, to fly
one, to play
here's a placeboon and on, hearts burn determined
