## Fleet Foxes

I was following the  
I was following the  
I was following the  
I was following the  
I was following the  
I was following the

I was following the I was following the pack, all swallowed in their coats  
With scarves of red tied 'round their throats

To keep their little heads from falling in the snow, and I turned 'round and there  
you go And Michael, you would fall and turn the white snow red as strawberries in the  
summertime

I was following the pack, all swallowed in their coats  
With scarves of red tied 'round their throats

To keep their little heads from falling in the snow, and I turned 'round and there  
you go

And Michael, you would fall and turn the white snow red as strawberries in the summertime

I was following the pack, all swallowed in their coats  
With scarves of red tied 'round their throats

To keep their little heads from falling in the snow, and I turned 'round and there  
you go

And Michael, you would fall and turn the white snow red as strawberries in summertime
