

Tell Him the Truth

[Keri Hilson](#)

If you've ever kept a secret
From the one you love
This is what it feels like
If you thought that i was perfect
boy you were wrong
Im far from that
There's one thing that i've done to you
That i regret and
Look i know its no excuse but
Im only human and young at that
And im gonna make mistakes
And hope you understand
Didn't see it comin
Wasn't on purpose
Baby i promise
I didnt mean to hurt you
Will you forgive me
You didnt deserve this
I know it wasn't worth it
Im a tell him the truth
(when im ready to)
Tell him the truth
(some how)
Gotta tell him the truth
(Thats what i gotta do)
Tell him the truth
(but not now)
Gotta Tell him the truth
(just wait a little bit)
Tell him the truth
(he couldn't handle it)
Tell him the truth
(thats what i gotta do)
Tell him the truth
(but not now ooh)
Didn't see when i had tears rolling down my face
I turned my back
It was heavy on the tongue
And i kenew that you knew something was wrong
I was about to break open spill out everything
but something said
Keri wait, Things are going great, what you gonna say

i dont know maybe something like Didn't see it comin

Wasnt on purpose

Baby i promise

I didnt mean to hurt you

Will you forgive me

You didnt deserve this

I know it wasn't worth it

Im a tell him the truth

(when im ready to)

Tell him the truth

(some how)

Gotta tell him the truth

(Thats what i gotta do)

Tell him the truth

(but not now)

Gotta Tell him the truth

(just wait a little bit)

Tell him the truth

(he couldn't handle it)

Tell him the truth

(thats what i gotta do)

Tell him the truth

(but not now ooh) I feel less (than nothin)

Lower (than zero)

and tired (of frontin)

Gotta tell him the truth ooh

I feel less (than nothin)

Lower (than zero)

and tired (of frontin)

Gotta tell him the truth ooh

Guess i've been waitin for the stars to align

there's no perfect time

i gotta tell him the truth

Cause it's hard to build the truth on a lie

and if thats what i want

i gotta tell him the truth

Im a tell him the truth

(when im ready to)

Tell him the truth

(some how)

Gotta tell him the truth

(Thats what i gotta do)

Tell him the truth

(but not now)

Gotta Tell him the truth

(just wait a little bit)

Tell him the truth

(he couldn't handle it)

Tell him the truth

(thats what i gotta do)

Tell him the truth

(but not now ooh)
