Angel

The Weeknd

Angel, oh oh oh oh

Knew you were special from the moment I saw you, I saw you, yeah

I said angel, oh oh oh

I feel you're closer every time I call you, I call you'Cause all I see are wings, I can see your wings

But I know what I am and the life I live, yeah, the life I live

And even though I sin, maybe we are born to live

But I know time will tell if we're meant for this, yeah, if we're meant for this And if we're not I

hope you find somebody

I hope you find somebody

I hope you find somebody

I hope you find somebody to love

Somebody to love

Somebody to love, yeah yeah yeah

Said angel, woah oh oh

You'll probably never take me back and I know this

Yeah I know this, aw man

I said angel, woah oh oh

I'm so desensitized to feeling these emotions

Yeah, no emotions baby'Cause all I see are wings, I can see your wings

But I know what I am and the life I live, yeah, the life I live

And even though I sin, we all want to live

But I know time will tell if we're meant for this, yeah if we're meant for this And if we're not I

hope you find somebody

I hope you find somebody

I hope you find somebody

I hope you find somebody to love

Somebody to love

Somebody to love, yeah yeah yeah

And even though we live inside a dangerously empty life

You always seem to bring the light

You always seem to bring the light

And even though we live inside a dangerously empty life

You always seem to bring me light

You always seem to bring me light hope you find somebody

I hope you find somebody

I hope you find somebody

I hope you find somebody to love

Somebody to love

Somebody to love, yeah yeah, ohI hope you find somebody, I hope you find someone baby

I hope you find somebody, whoa

I hope you find somebody, I hope you find somebody

I hope you find somebody to love
Somebody to love, somebody to love

Somebody to love yeah, yeah, yeahI hope you find somebody, I hope you find

I hope you find somebody, I hope you find

I hope you find somebody, I hope you find somebody baby

I hope you find somebody

Somebody to love

Somebody to love

Somebody to love yeah, yeah, yeahOoh, somebody baby

I hope you find somebody

Baby, love somebody

I hope you find somebody, I hope you find somebody

I hope you find somebody, I hope you find somebody baby

I hope you find somebody to love

Somebody to love, somebody to love

Somebody to love, somebody to love
