

Prettiest (feat. Jazz Cartier)

Ro Ransom

[Intro: Ro Ransom]

S, S

Yeah

Go[Verse 1: Ro Ransom]

In 1 Oak lookin' like Aaliyah (woo)

Three Cara Delevingne's and they all tryna fiend for it (yeah)

I just got my re-up (skrrt)

Flexin', VIP, mixin' vodka with KeVita (go)

Señorita

Outranked my lifestyle, then got my cheese up (skrrt)

We drop that new shit, yeah, then fuck the streets up (yeah)

She climbin' like she tryna fuck my PDC's up, these up

I just flooded my stones (yeah)

Ain't no love in my home (vroom)

Call the plug on my phone (why?)

Might be thugs on my phone (woo)

Still rock Helmut Lang every day

These hoes love me like I'm Young M.A

New bitch look like Ellen, ayy

I just popped a .30 like a fadeaway

[Chorus: Ro Ransom]

Fuck the other side, I'm the prettiest

All my niggas gettin' it

My girl got a Tesla

Best believe we out here whippin' it

Take a model home

Then I fuck her 'til she hideous, yeah

Fuck the other side, I'm the prettiest

All my niggas gettin' it

My girl got a Tesla

Best believe we out here whippin' it

Take a model home

Then I fuck her 'til she hideous

[Verse 2: Jazz Cartier]

You don't know me, get to know me

How you always in the club and you feelin' lonely?

Rubbin' shoulders with the models, smokin' bogeys

You into the Adrianna's, I need Naomi's, keep it lowkey (skrrt)

Pour a 4 and smokin' out inside a limousine

Model bitches, they just flew in from the Philippines

They might off a nigga head like a guillotine

Say, "Jacuzzi, you're the prettiest I've ever seen"[Chorus: Ro Ransom]

Fuck the other side, I'm the prettiest
All my niggas gettin' it
My girl got a Tesla
Best believe we out here whippin' it
Take a model home
Then I fuck her 'til she hideous, yeah
Fuck the other side, I'm the prettiest
All my niggas gettin' it
My girl got a Tesla
Best believe we out here whippin' it
Take a model home
Then I fuck her 'til she hideous[Bridge: Ro Ransom & Jazz Cartier]
I'm feelin' fever
Fever on the floor
I think I feel a fever
Fever on the floor
Prettiest I've ever seen[Outro: Kensei Abbot & Jazz Cartier]
The club, oh no! Yeah!
Prettiest I've ever seen
