Turnstile

Hot Water Music

Raise your voice in swells, find your meanings then Use your signs inside to relive and never care.No point in holding back on what you're holding No matter it be shit or it be golden Foundations shift, they're still shifting We set up, we set up our falls Hold on tight to your fears Cause that's your hatred And that's your love as well Learn to use all your fears As a fuel, an engine To get you where you need I must always remember... There's no point to surrender No point in holding back on what you're holding No matter it be shit or it be golden Foundations shift, they're still shifting We set up, we set up our falls Hold on tight to your fears Cause that's your hatred And that's your love as well Learn to use your fears As a fuel, an engine To get you where you need I must always remember... There's no point to surrender I shift.I shift.
