

Let's Get Lost

Chet Baker

Pankow
Miscellaneous
Im Lost Little Girl
I'm Lost, Little Girl
I'm lost
I'm lost
I'm lost
Little girl I'm lost
No religion, no god
No salvation, no god
No religion, no hope
No mercy, no hope
No second chance for the betrayed
No second life for the despised
No religion, no god
No love, no sex at all I can feel your contempt
Feel it eating up my body
Misanthropes are always right
Now I'm only food for pigs
Nihilism, nihilism!
Misanthropes are always right
Misanthropes are always right
Misogynists quite often
I'm lost
I'm lost
I'm lost
Little girl I'm lost No religion, no god
No salvation, no god
No religion, no hope
No mercy, no hope
No second chance for the betrayed
No second life for the despised
No religion, no god
No love, no sex at all I'm not waiting for a change
It's too late to reconsider
Misanthropes are always right I'm lost little girl
I'm losing every trail
Misanthropes are always right Misanthropes are always right
Mysogynists quite often Misanthropes are always right
Mysogynists quite often Misanthropes are always right
Mysogynists quite often I'm lost
I'm lost

I'm lost
I'm lost I'm lost
I'm lost
I'm lost
Little girl I'm lost
Little girl I'm lost No religion, no god
No salvation, no god
No religion, no hope
No mercy, no hope
