

Carnival (feat. Anthony Hamilton)

Gorillaz

Carnival We play to win, just to find the dark
Go home again, and we both fall out

L-...

I wanna spend the time with you

Doing nothing

Keep you satisfied, while they rob us blind

I hear the music in the background

Singing, singing

Oh, I haven't see the glory

Coming, coming coming

And we play

We play, we play, we play like a-Just like a carnival

Game (Just like a carnival)

Laugh (Just like a carnival)

Joke (Just like a-)

Spinning me round and around and around

Just like a carnival We play to win, just to find the dark

Go... again, and we both fall out

L-...

I wanna spend the time with you

Doing nothing

We... (Just like a carnival)

We laughed (Just like a carnival)

Sleep with the dead (Just like a carnival)

Playing with your mind (Just like a-)

Spinning me round and around and around

Just like a carnival, yeah
