

# Don't Give Up (feat. Bryan Adams)

## Chicane

Give up man, u never told me, nothing will never shot me down  
grow up man, live your life friend, just do me this favor now  
wake up man, you won't change myself, if you want I can scream it louder  
if you want I can scam it louder I don't give a damn about what you say  
Because what you say is just bullshit  
Just listen to this, fuck your opinion  
And feel a loser, yes a loser while I'm winning  
People hatin' on people  
Catholic people versus lay people  
Like Angels versus the evil  
Like me crushin' on you, beetle  
I'm a cathedral, you ain't even a steeple  
You the balloon, me the needle  
I'm all around you, you in the middle!

Every word that you say makes me feel happy cause I hear my name  
And when I look at myself in the mirror I just see my face, just like yesterday  
You are just hatin' on me, but I don't mind it's ok, really man just give up, just give up man  
Give up man, u never told me, nothing will never shot me down  
grow up man, live your life friend, just do me this favor now  
wake up man, you won't change myself, if you want I can scream it louder  
if you want I can scam it louder  
if you want I can scam it louder Don't judge me until you know me  
Don't underestimate me until you challenge me  
Don't talk about me until you talk to me  
Envy me, rate me, hate it, either way you aint me.  
All the people who knock me down, inspire me to do better  
So if you compare me to rubbish, well, it doesn't matter  
Anyway your wonderful words can't make me feel gassy  
Best way to deal with haters: keep calm and stay classy! Every word that you say makes me feel  
happy cause I hear my name  
And when I look at myself in the mirror I just see my face, just like yesterday  
You are just hatin' on me, but I don't mind it's ok, really man just give up, just give up  
Give up man, u never told me, nothing will never shot me down  
grow up man, live your life friend, just do me this favor now  
wake up man, you won't change myself, if you want I can scream it louder  
if you want I can scam it louder  
if you want I can scam it louder
