Alien

Britney Spears

There was a time I was one of a kind Lost in the world, out of me, myself and I Was lonely then, like an alien I tried but I never figured it out

Why I always felt like a stranger in a crowd

Oh, that was then, like an alienBut the stars in the sky look like home, take me home And the light in your eyes lets me know I'm not aloneNot alone, not alone, not alone

> Not alone, not alone, not alone Not alone, not alone, not alone

> Not alone, not alone, not alone

Crossed through the universe to get where you are

Travel the night, riding on a shooting star

Was lonely then, like an alien

Had to get used to the world I was on

While yet still unsure if I knew where I belong

Oh, that was then, like an alienBut the stars in the sky look like home, take me home And the light in your eyes lets me know I'm not aloneNot alone, not alone, not alone

Not alone, not alone, not alone

Not alone, not alone, not alone

Not alone, not alone, not aloneBut the stars in the sky look like home, take me home And the light in your eyes lets me know I'm not aloneNot alone, not alone, not alone

Not alone, not alone, not alone
