I Live for Your Love

Natalie Cole

Stand up, stand on your own That's what they tell me You can make it aloneWhere does it say I have to move Far away from you To prove I'm strong?Oh, when all it really proves Is I'm lonely without you And loneliness has to be wrong I live for your love (Everyday) Every minute I live for your love (In my life) Want you in it I live for your love I admit it I live for your loveI wake up with no one to kiss Sometimes I wonder (Wonder, wonder) If I just existI know there are people I can see Places I could be And friends who call Oh, but what good does it do There's no substitute for you I want you or nothing at allI live for your love (Everyday) Every minute I live for your love (In my life) Want you in it I live for your love I admit itI live for your love and your kisses And know how I'm missing Your sweet tender touch (Tender touch)I need you so much That I just can't go on anymore What I wouldn't give for Cause darling I live for your love (Everyday) Every minute I live for your love (Got one life) Want you in it I live for your love

I hate to admit itBut oh, I live for, I'd die for What I wouldn't give for your love (I live for your love) (Everyday) I live for your love (Got one life) Everyday, every minute (I live for your love) I have only got one life I want you in it Oh, my baby, yes, yes I live for your love, ooh ooh Song Discussions is protected by U.S. Patent 9401941.
