

# I Love That I Hate You

Kane Brown

Everything we use to do went wrong  
Haven't shed one tear since you been gone  
I got my pull out chair, football and beer  
Ain't got one worry cause girl you ain't here  
I got my freedom back, I'll do whatever I want  
I guess this is how its suppose to be  
I cant believe it took this long for me to see  
That I love that I hate you  
I can't stop thinking about the time that you're not here  
It's going on without you  
Hasn't been so bad  
It's the best time of the year  
Cause I see you and I see him  
You know I can't help but grin  
Cause soon enough he'll be singing it too  
Girl, I love that I hate you  
Woohoo  
I love that I hate you  
Any other break up I'd be jealous  
You can't hide behind the make up, girl you're selfish  
Got another man following you around  
Like a dog doing trick to your every sound  
I can't belive that use to be me  
And that use to be us  
I love that I hate you  
I can't stop thinking about the time that you're not here  
It's going on without you  
Hasn't been so bad  
It's the best time of the year  
Cause I see you and I see him  
You know I can't help but grin  
Cause soon enough, he'll be saying it too  
Girl, I love that I hate you  
Woohoo  
I love that I hate you  
I love that I hate you  
Never thought that I could make it through  
But I am fine on my own, with my middle finger salute  
That I love that I hate you  
I can't stop thinking about the time that you're not here  
It's going on without you  
Hasn't been so bad

It's the best time of the year  
Cause I see you and I see him  
You know I can't help but grin  
Cause soon enough he'll be singing it too  
Girl, I love that I hate you

Woohoo

I love that I hate you

I love that I hate you
