I just call them wallets getting federal, ain't just a klepto Master card or visa i'd gladly accept those Sneaky motherfucka with a scam know how to pull it Got a mirror in my pocket, but that won't stop no bullets Story just begun, but you already know Ain't no need to get down, shit, i'm already low C-c-come with it Get down, get down, get down Get down, get down, get down

C-c-c-come with it

Get down, get down, get down
Get down, get down
C-c-c-come with itMy footsteps echo in the darkness
My teeth clenched tight like a fist in the cold sharp mist
I look down and I hear my stomach growling
Step to burger king to attack it like a shaolin
I never pay for shit that I can get by doin' dirt
Linger to the girl cashier and start to flirt
All up in her face and her breath was like murder
Damn the shit I do for a free hamburger

[girl] "Well, you got my number you gon' call me tonite?"

It depends, is them burgers attached to a price
"sorry sorry" I'm just kidding, I'ma call you, even write you love letters
"it's all good" Thanks for the burgers, emm, hook me up with a Dr. Pepper
"Thats cool you want some ice?"

"Thats cool you want some ice?"
Yeah, and some fries will be hella nice
(girl) "Damn, my manager is coming play it off okay
have a nice day!" I'm up outta here, anyway
I use peoples before they use me
Cause you can get got by an uzi
Over an oz, thats what an og told me
Gots to find some place warm and cozy

To eat the vittles that I just got
Came to an underground parking lot
This place is good as any, fuck it is all good
Walked in, found a car, hopped itself up on a hood
Ate my burger, threw back my cola

Somebody said "Hey", it was a rented pig, I thought it was a roller "Want me to call the cops?" I dont want them to see me Looked down and saw that I was sitting on a lamboughini

It was rollses, Ferraris and Jags by the dozen A building door opened, damn it was my cousin Getting offa work, dressed up no lie Tux, cummerbund and a blackbow tie

I was like Hey - "Who is it" - me "Oh whats up man I just quit this company
They hella racist and the pay was too low"

I said arite, what was up in there though
"A party with rich motherfuckas I dont know the situation

I know they got cabbage owning corporations
IBM, Chryslers and shit is what they said"
Just then a light bulb went off in my head
They be thinking all black folks is resembling
Gimme your tux and I'll do some pocket swindling
Fit the change in the bathroom and I freeze off my nuts

lets take a short break while i get into this tux
Alright, I'm readyGet down, get down, get down
Get down, get down

own, get down, get do C-c-c-come with it

Get down, get down
Get down, get down
C-c-c-come with itFresh dressed like a million bucks
I be the flyiest muthafucka in an afro and a tux
My arm is at a right angle up, silver tray in my hand
May I interest you in some caviar, ma'am?
My eyes shoots round the room there and here
Noticing the diamonds in the chandelier
Background Barry Manilow Copacabana
And a strong ass scent of stogies from Havana
What no place where a brother might been
Snobby ole ladies drinking champagne with rich white men
Alright then, let's begin this
Nights like this is good for business

Five minutes in the mix
Noticed several different cliques, talking, giggling and shit
Well, one motherfucka gave me twits and everybody else jacking it, throttling

Found out later he own coca cola bottling

Talking to a black man
Who's he confused we looking hella bourgie

Ass all tight and seditty recognized him as the mayor of my city

Who treats young black man like Frank Nitty

Mr. Coke said to Mr. Mayor

"You know we got a process like Ice T's hair

We put up the funds for your election campaign

And, oh, um, waiter, can you bring the champagne

A real estate fronts as opportunities arousing

To make some condos out of low income housing

Immediately we need some media heat

To say that gangs run the street and then we bring in the police fleet

Harass and beat everbody till they look inebriated

When we bought the land motherfuckas will appreciate it

Don't worry about the Urban League or Jesse Jackson

My man that owns Marlboro donated a fat sum"

That's when I stepped back some to contemplate what few know

Sat down, wrestled with my thoughts like a sumo

Ain't no one player that could beat this lunacy

Ain't no hustler on the street could do a whole community

This is how deep shit can get

It reads macaroni on my birth certificate

Poontang is my middle name but I can't hang

I'm getting hustled only knowing half the gameShit, how the fuck I get up out this place
