

Kiss Kiss

Prince Royce

Hands on your hips as we dig
Now I'm trying to steal a kiss from your lips
I can't quit
Love is in the air
It's not fair
When you moving
Diamonds in your hair
Catch the glare like a jewel in a flash of light
And it feels like I've been waiting all my life
But I need you tonight yeah
I don't wanna wait
You can say I'm dumber in love
Blame it on my age
Maybe because I'm young that's enough
I don't wanna miss this
I just need kiss kiss
Ooohh ooohOooo ooo ooo ooo oooSway to the music
Let's choose it
Don't you go away
Let the stay misbehave
Let your body go
With the flow of the momentWe can take a slow
With the motions, emotions are burning bright
And it feels like I've been waiting all my life
But I need you tonight yeah
I don't wanna wait
You can say I'm dummer in love
Blame it on my age
Maybe because I'm young that's enough
I don't wanna miss this
I just need kiss kiss
Ooohh oooh
Oooo ooo ooo ooo oooAnd it feels like I've been waiting all my life
But I need you tonight yeah
I don't wanna wait
You can say I'm dummer in love
Blame it on my age
Maybe because I'm young that's enough
I don't wanna miss this
I just need kiss kissI don't wanna wait
You can say I'm dummer in love
Blame it on my age

Maybe because I'm young that's enough

I don't wanna miss this

I just need kiss kiss

Ooohh ooohh

Oooo ooo ooo ooo ooo
