

# Gun

## Soundgarden

Shoot shoot  
I got an idea of something we can do with a gun  
Sink load and fire till the empire reaps what they've sown  
Shoot shoot shoot till their minds are open  
Shoot shoot till their eyes are closed  
Push push push till we get some motion  
Push push till the bombs explode, yeah I got an idea that we can do it all on our own  
Nothing to worry regret must weigh a ton  
Kick kick kick till the laws are broken  
Kick kick till the boots are worn  
Hit hit hit till the truth is spoken  
Hit hit till the truth is born, yeah  
Born  
I got an idea of something we can do with a gun
