Title: Nobody Can Stop Me(Bizzy)

What are you goin' through? What are you goin' through?

If you only knew, if only you knew

What are you goin' through? What are you goin' through?

If you only knew

(Nobody can stop me Damn)

Nobody can stop me, now Nobody can stop me, now

What are you goin' through? What are you goin' through?

If you only knew

(Nobody can stop me)

What are you goin' through? What are you goin' through?

If you only knew, if you only knew.

(Bizzy)

Look at my sister sadden when my baby's mammy

Like she can't stand me

Say family be the first to turn so pity (?)

Filamina, my granny, celebrate the grammy damn

Nobody knew no plannin' was so perfect

Rollin' my (?), never forget the Bones

Trippin' on foster homes

Sayin' I wasn't manly with a scarred up soul

Why can't my skeletons understand me

What if I said I was molested

Would you look at me peel,

But I keep on bailin

And I hope I don't go to hell, stressed I will

Can I sell my bio? I was born in Ohio

Already on trial

Cause Pops said I looked too light, but mom 's just white

But I still had your smile

And look at me now gotta be proud of myself

Ain't nobody else soundin' so worried about my health

And all the while takin' care of my kids

How would they live

If I ain't hustlin', strugglin', (trustin') still keepin' Jesus a part of
solution

He gives life in the lungs

Breath through tongue

Now here it comes

Now, here it comes; and here we go

(chorus)

Nobody can stop me, now Nobody can stop me, now
Nobody can stop me, now Nobody can stop me, now

If only you knew

What am I goin' through, goin' through, goin' through?(Bizzy)

And my mama took plenty beatings

Now in her third damn marriage and man

Actin' like he cares apparently 'till you perish

But I was always there for you

Even though you let me leave he's beatin the shit outta me, too

Probably why I got my bodyguards

And I'm in charge

Watch me sleep the pay is meek

But stay with me

And keep my heart collateral, we'll never break apart

Y'all didn't see me with Eazy, as a child of god

With the underdog

Never applaud once you reminisce through the ball

Movin' in Heaven's movie

Y'all, think of all that fucked-up shit you saw

Only if you knew what I was goin' through(chorus)

What am I goin' through, goin' through, goin' through?

If only you knew

Nobody can stop me, now nobody can stop me, now

Nobody can stop me, now nobody can stop me, now

If only you knew

What am I goin' through, goin' through, goin' through?(Bizzy)

Flashback to may and with the weight of the world

Can't stop my girl from steppin

Lookin' for affection in wrong places

My lesson be learned world turns

The early bird gets the worm

What if it's rotten while you rushin' for love and get burned?

Five kids and that's my only concern

I was a father before I became a man society don't comprehend

Callin' me worthless but I could purchase what they purchase

But I understand behind closed curtains you workin' on being a man

Death scares me

But Jesus will prepare me

And hopefully repair me

As god would want him to, really really

Ghetto media see the thug

Watch your sins

Then it's true you can be born again.(chorus) (repeat till end)

What am I goin' through, goin' through, goin' through?

Nobody can stop me, now Nobody can stop me, now

Nobody can stop me, now Nobody can stop me, now
