

So Long Gone (feat. Dan Auerbach)

Pete Molinari

Well, I'm weary
But I can't leave you alone
Yeah, I'm weary
Call you on the telephone
Yeah, I'm deep down lonesome
Well, I'm so long gone
I need somebody
But you know I am no good
I need somebody
But I'm gonna ride my neighborhood
But I heard that I cheated
Everyone I ever could
Aw, you been a-killin'
And you been a-tearin' me apart
Aw, you been a-killin'
Drivin' me straight right through the heart
Don't want no land locked loaded killer
No, I had you from the start
So, I'm leavin'
You know you've really done me wrong
Yeah, I'm leavin'
I'm well flustered, turn me on
Well, I played your next victim
'Cus I'm so long gone
