

Made in France (feat. Tchami, Malaa & Mercer)

[DJ Snake](#)

Before we get started
Before we get started
Before we get started Before we get started Before we get started
Before we get started
Before we get started
Before we get started Before we get started
Before we get started
Before we get started Before we get started
Before we get started
Before we get started
Before we get started
Before we get started
Before we get started
Before we get started
Before we get started
Started, started, started-Yo, before we get started
I wanna know one thing We get started Yo We get started Yo, before we get started
Before we get started
Before we get started
Before we get started Before we get started
Before we get started
Before we get started
Before we get started
Before we get started
Before we get started
Before we get started
Before we get started
Before we get started
Before we get started
Before we get started
Before we get started Before we get started
Before we get started
Before we get started
Before we get started (I wanna know one thing)
Started, started, started-Yo, before we get started
I wanna know one thing We get started Yo We get started
