

# Life Is a Dance

## Chaka Khan

Everywhere from coast to coast  
Around the land  
We all have one thing in common  
We all love to dance  
In and out of discos, crazy lights  
Keep on movin' all through the night  
Life is a dance, life is a dance  
Life is a dance, life is a dance  
Why don't you listen?  
Listen to the groove  
I am sure enough sure you'll find  
Just the rhythm, the rhythm of your soul  
Dance to the music, keepin' steady time  
Life is a dance, life is a dance  
Life is a dance, life is a dance  
Dance to the music, crazy lights  
Dance to the music, crazy lights  
Dance to the music, crazy lights  
Dance, don't you be late  
Here to tell you that, life, alright, hey yeah  
Life is a dance  
Holla, yeah, woah yeah  
Life is a dance, dance to it  
Oh life, dance to it, life  
Listen to the groove  
Oh life, hey yeah  
Oh oh oh life, oh life, oh life, oh life  
Life is a dance, will you move  
Life is a dance  
Life is a dance  
Life is a dance
