

Unstoppable

The Score

There's a moment in your bones when, when the fire takes over
Blood is running, heart is pumping as the battle gets closer
They could say what they want now
Cause we'll screaming out
We can be heroes everywhere we go
We can have all that we ever want
Swinging like Ali, knocking out bodies
Standing on top like a champion
Keep your silver, give me that gold
You will remember when I say
We can be heroes everywhere we go
Keeping us down is impossible
Cause we're unstoppable
Oh woah, we're unstoppable
Oh woah, we're unstoppable
Every spotlight, every sound bite
Everybody who gave up is just a fool for wanting it more than anybody against us
They could say what they want now
Cause we'll screaming out
We can be heroes everywhere we go
We can have all that we ever want
Swinging like Ali, knocking out bodies
Standing on top like a champion
Keep your silver, give me that gold
You will remember when I say
We can be heroes everywhere we go
Keeping us down is impossible
Cause we're unstoppable
Oh woah, we're unstoppable
Oh woah, we're unstoppable
They can say what they want now
Cause we'll be screaming out
We can be heroes everywhere we go
We can have all that we ever want
Swinging like Ali, knocking out bodies
Standing on top like a champion
Keep your silver, give me that gold
You will remember when I say
We can be heroes everywhere we go
Keeping us down is impossible
We're unstoppable
Oh woah, we're unstoppable
Oh woah, we're unstoppable
Oh woah, we're unstoppable
Oh woah, we're unstoppable
We're unstoppable
